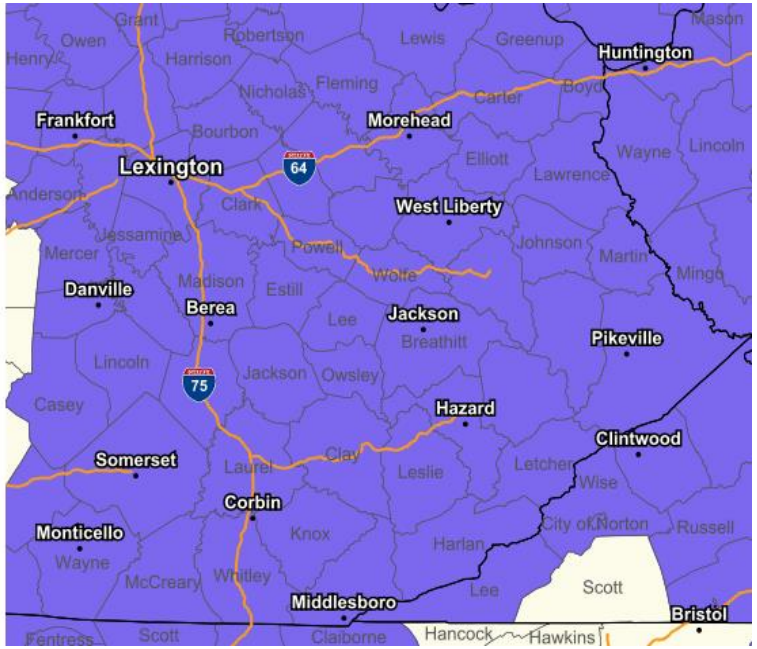
Situation Report

Snow Tonight Into Tuesday



Winter Weather Advisory

Graphic Created
December 1st, 2020
2:13 AM CST

Message of the Day:

- Rain will gradually switch over to snow late this afternoon and evening. The snow will continue overnight and into the first half of the day Tuesday.
- Light accumulations – generally between 1 and 2 inches, with locally higher amounts, especially in the highest terrain.
- Expect possible hazardous travel conditions, including slick roadways and lower visibilities
