<b>17</b>	<b>0345CST 2015CST</b>			<b>0</b>	<b>0</b>				<b>Winter Storm</b>
-----------	----------------------------	--	--	----------	----------	--	--	--	---------------------

A strong cold front moved across the region producing gusty northwest winds to 35 mph and scattered snow showers. The front moved quickly through western and central North Dakota exiting the region in the evening. As a result the system did not produce the winter weather conditions earlier forecast. The winter storm warning was cancelled Friday evening of the 17th.
