Freezing rain began falling over most of the area by early afternoon on the 29th with rain along the South Dakota border. Most areas had a coating of ice before precipitation changed to heavy wet snow. Snow on top of the ice resulted in no travel advised in Emmons and Kidder counties. Snow amounts were 6 inches near Hazelton and at Streeter, 8 inches at Ellendale, and 12 inches at LaMoure. The LaMoure County Sheriff advised no travel as even snow plows were having a tough time clearing roads of the heavy wet snow
