MEMORANDUM FOR: National Weather Service Directives System (NDS) Customers
FROM: *John L. Hayes*
SUBJECT: Rescission of NDSPD 20-2, Training Statements Included in National Weather Service Directives

The following document is rescinded from the NDS.

NDS Title: Training Statements Included in National Weather Service Directives
NDS Number: NDSPD 20-2
Effective Date: March 27, 2006
Signature Date: March 13, 2006
Certified By: J. Potts
Approving Authority: Brigadier General David L. Johnson, USAF, Ret.

Summary: NWSPD 20-2 was established to institute a structured process that ensures NWS training needs for new and/or revised technology, systems or programs are considered and documented. Since the directive was issued, the Operations and Services Improvement Process (OSIP) has become the structured process that ensures consideration of all requirements, training included. The directive is no longer needed and is therefore being rescinded.
