In the mid afternoon of Sunday, September 23rd, Severe Thunderstorm Watch 685 was issued in anticipation of severe thunderstorms developing ahead of a surface cold front over western South Dakota, and ahead of an ejecting upper level trough over the Rockies. Several severe thunderstorm warnings were issued. Large hail and severe thunderstorm wind gust reports were received during the early and mid evening hours over McIntosh and Logan Counties. McIntosh County was hit hard by this event with a 27 mile long stretch of damage from southwest to northeast across the county.
