

The NWS Burlington in Vermont is offering these online courses focused on observing and reporting summer-time weather hazards. We will host this session on 3 different occasions, and you are welcome to join whichever is most suitable to your schedule. This is a training session for those interested in becoming certified Skywarn® Spotters or are looking for a refresher. Registration is free and open to all.

We will use Google Meet for this course.

Session #1 will be held Friday, July 9th from 3:00-4:30 PM.

Session #2 will be held Monday, July 12th from 3:00-4:30 PM.

Session #3 will be held Friday, July 16th from 6:00-7:30 PM.

We will discuss the following topics:

- What is Skywarn? What does it mean for us?
- Overview of thunderstorm science and forecasting
- Storm types and convective warnings
- Safety and reporting severe weather
