Public Information Statement

National Weather Service Charleston SC

1031 AM EST Wed Nov 13 2019

...THE GROWING SEASON COMES TO AN END ACROSS SOUTHEAST SOUTH
CAROLINA AND SOUTHEAST GEORGIA...

A widespread freeze occurred across most of southeast South
Carolina and nearby parts of southeast Georgia this morning.
Refer to the Public Information Statement issued earlier for a
listing of low temperatures. Thus, the National Weather Service
in Charleston will discontinue mentioning frost in the forecast
and issuing Frost Advisories and Freeze Watches/Warnings until
March 1, 2020.
