John Stephenson

30 Year Cooperative Weather Observer Award

John Stephenson of Kings Mills, Ohio has been providing precipitation and river data to the NWS for over 30 years. Thank you John for your dedication and service!

John has not only provided precipitation data to the NWS, but also regularly reads the manual river gage at Kings Mills along the Little Miami River. John's river observations have directly assisted with river forecasts and warnings for the Kings Mills and South Lebanon areas of Warren County.
