## Storm Data and Unusual Weather Phenomena

July 2006

Location	Date	Time Local/ Standard	Path Length (Miles)	Path Width (Yards)	Number of Persons Killed	Number of Persons Injured	Estimated Damage Property	Estimated Damage Crops	Character of Storm
----------	------	----------------------------	---------------------------	--------------------------	--------------------------------	---------------------------------	---------------------------------	------------------------------	--------------------

### OHIO, Southwest

#### Warren County

3 SW Carlisle to 1 SW Carlisle	11	1820EST 1828EST	4	50	0	0	200K		<b>Tornado (F1)</b>
-----------------------------------	----	--------------------	---	----	---	---	------	--	---------------------

A tornado touched down in Franklin Township and moved northeast near the city of Carlisle, ending near State Route 123. Several homes and one business sustained minor damage. Numerous trees were uprooted and knocked down along the path of the tornado.

#### Montgomery County

2 E Miamisburg to 3 E Miamisburg	11	1842EST 1848EST	0.8	50	0	0	75K		<b>Tornado (F1)</b>
-------------------------------------	----	--------------------	-----	----	---	---	-----	--	---------------------

A tornado touched down near the Dayton Mall to the east of Miamisburg and was on the ground for just under a mile. The tornado caused minor damage to a strip mall, a carpet business, a restaurant and a municipal bus outlet. A few trees were downed along the track of the tornado as well.

#### Warren County

4 E Maineville	11	1849EST 1851EST	0.3	25	0	0	10K		<b>Tornado (F0)</b>
----------------	----	--------------------	-----	----	---	---	-----	--	---------------------

A tornado briefly touched down near the intersection of Shamrock and Morrow-Cozzadale Roads. A metal shed sustained some damage, along with several large tree limbs being knocked down.

#### Clark County

1 SE Catawba	11	1909EST 1913EST			0	0	15K		<b>Thunderstorm Wind (EG61)</b>
--------------	----	--------------------	--	--	---	---	-----	--	---------------------------------

A mobile home and a pole barn sustained structural damage from straight line winds estimated at 70 mph.

#### Clermont County

2 E Milford	11	1927EST 1929EST	0.1	30	0	0	2K		<b>Tornado (F0)</b>
-------------	----	--------------------	-----	----	---	---	----	--	---------------------

A tornado briefly touched down in an open field to the east of Milford

#### Clermont County

2 SW Goshen to 1 SW Goshen	11	1939EST 1944EST	1	350	0	0	100K		<b>Tornado (F1)</b>
-------------------------------	----	--------------------	---	-----	---	---	------	--	---------------------

A tornado carved a path extending about a mile to the southwest of Goshen. Significant damage occurred near the intersection of State Routes 28 and 48. Numerous healthy trees, some to three feet in diameter, were uprooted and fell in various directions along the tornado path. In a nearby cemetery, tombstones were knocked down in different directions. Several homes in the vicinity of the cemetery sustained structural damage to roofs. The tornado produced F1 damage in this area. Additional damage occurred just outside of Goshen. A trailer was shifted a few inches off of its foundation along Deerfield Road. Two businesses sustained minor damage near Phoenix Drive and Snider Road. One of the businesses had a large door blown out with heavy inventory shifted inside the building. The second building sustained roof damage with some shingles removed. This damage just outside of Goshen was classified as F0.

#### Madison County

1 E Rosedale to 2 E Rosedale	11	1939EST 1944EST	1	20	0	0	25K		<b>Tornado (F0)</b>
---------------------------------	----	--------------------	---	----	---	---	-----	--	---------------------

A tornado touched down east of Rosedale, causing extensive damage to a barn. A nearby home sustained minor structural damage. Numerous trees were uprooted and downed.

#### Clinton County

1 N Clarksville to 1 N Wilmington	11	1941EST 1953EST	5	50	0	0	10K		<b>Tornado (F0)</b>
--------------------------------------	----	--------------------	---	----	---	---	-----	--	---------------------

A tornado intermittently touched down over a five mile long path in western Clinton County. Brief touchdowns took place near the intersection of US Route 22 and George Road, along US Route 22 a few miles west of Wilmington, the intersection of Hale and Nelson Roads, and the intersection of US Route 68 and Center Road. Two billboards and several large trees were knocked over along US Route 22, with some minor structural damage to a home.
