

The Northeast RFC is transitioning to a new website that is consistent with the National Weather Service presentation as well as more reliable

The pages below provide a basic guide on how to find things in the new menus compared to the previous sidebar menu that we have had.

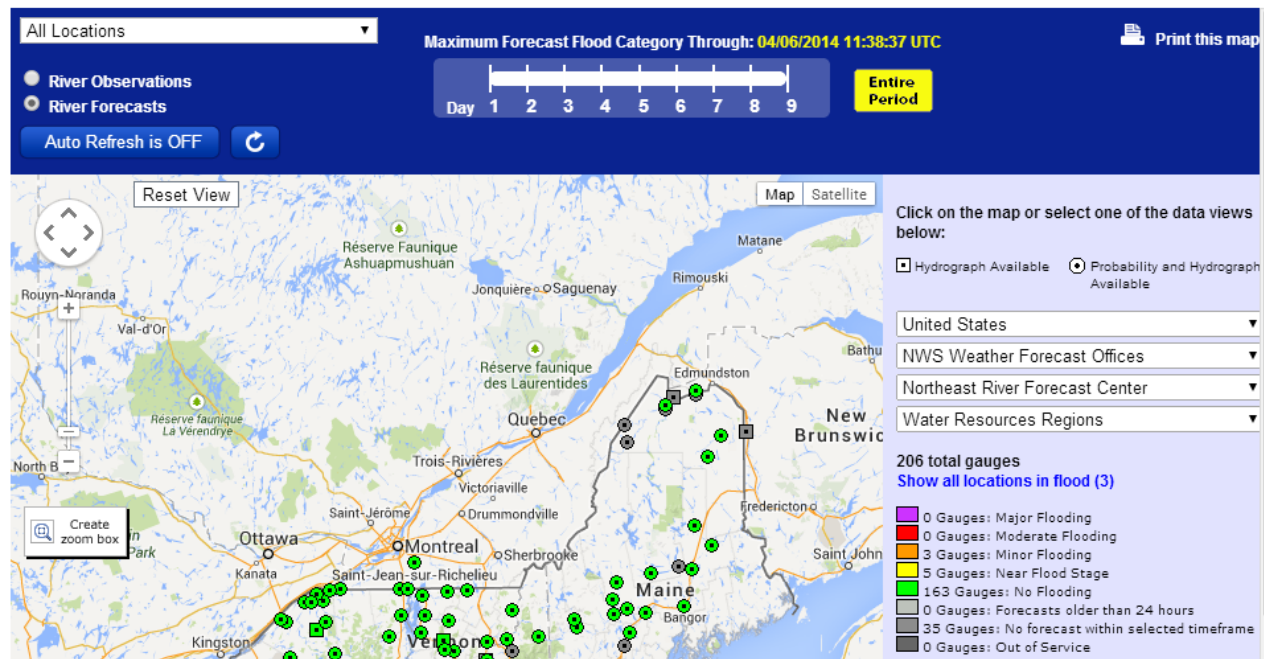

Northeast River Forecast Center

[Weather.gov](#) > Northeast River Forecast Center

Northeast River Forecast Center

River Forecast Center

[River Observations and Forecasts](#) [Weather Observations and Forecasts](#) [Water Supply](#) [Climate and History](#) [Seasonal Interest](#) [Additional Info](#)

Some items may still be in transition and not 100% available

Feedback:

nerfc@noaa.gov

Self Briefing Page

Rivers & Hydrology

- Observed/Forecast River Conditions
- Forecasts & Info
- 5-Day Flood Outlook
- Flash Flood Guidance
- Nat'l AHPS page
- Ensemble Forecasts

Precip & Weather

- Observed Precip
- Forecast Precip
- Weather Forecasts
- Radar
- Satellite
- Snow and River Ice
- Nat'l Snow Cover

Climate & History

- Nat'l Drought Info
- Historical Floods
- Departures from Normal
- Outreach Toolkit
