To Whom It May Concern:

On behalf of my 4th grade students at the Ocean City Intermediate School, I would like to thank you for coordinating such an awesome day. Our students learned so much and experienced things that they will never have a chance to see and do (and that goes for me too as I thoroughly enjoyed the day!). Not only was the experience phenomenal, but the presenters were so attuned to the children. Though they may have been scientists, meteorologists, pilots, etc., they spoke with the children as if they were expert educators. Once again, thank you so much for such a wonderful experience.

Sincerely,

Geoff Haines, Principal
