

Day 2 Severe Thunderstorm Outlook

For Saturday, March 9th, 2024

When Thunder Roars, Go Indoors!

Threat Level 2 out of 5

Slight Risk

Overview

- A strong cold front will bring showers and isolated storms which will be capable of strong to severe winds.

Timing

- Saturday morning into early evening

Hazards

- Strong winds 40 to 60 mph possible

What does a **Slight Risk** Mean?

Increased confidence that some storms will contain damaging winds, severe hail, and/or tornado potential.
