KANSAS, Extreme Southeast

CRAWFORD COUNTY --- 0.7 S PITTSBURG [37.41, -94.70]				
	07/01/07 10:00 CST	0		Flash Flood (due to Heavy Rain)
	07/01/07 16:00 CST	0		Source: Emergency Manager

Another round of heavy rain on top of saturated soil conditions caused flash flooding across much of Crawford County. Southeast Crawford County was impacted the greatest as several water rescues were performed from flooding along Cow Creek.

CHEROKEE COUNTY --- 4.8 N SHERMAN [37.32, -95.05]				
	07/01/07 17:00 CST	0		Flash Flood (due to Heavy Rain)
	07/02/07 14:30 CST	0		Source: Emergency Manager

Significant flooding continued across much of Cherokee County. Evacuations occurred along the Neosho River while numerous roads were impassable to motorists. Damages were largely to homes that were previously documented in June, 2007.

Several rounds of showers and thunderstorms that produced periods of flash flooding across southeast Kansas, concluded during the morning of July 1st. Runoff enhanced flooding mainly over Crawford and Cherokee counties.

CHEROKEE COUNTY --- 0.9 NW SHERMAN [37.26, -95.06]				
	07/15/07 04:15 CST	0		Hail (1.00 in)
	07/15/07 04:15 CST	0		Source: Emergency Manager
