

Storm Data and Unusual Weather Phenomena - March 2007

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
----------	-----------	-------------------	---------------------	------------------------

KANSAS, Extreme Southeast

CHEROKEE COUNTY --- 1.5 SSW STIPPVILLE [37.20, -94.84]

03/01/07 02:56 CST		0	Hail (0.75 in)
03/01/07 02:56 CST		0	Source: Emergency Manager

CRAWFORD COUNTY --- 2.6 SE KIRKWOOD [37.34, -94.70]

03/01/07 03:06 CST		0	Hail (0.75 in)
03/01/07 03:06 CST		0	Source: Insurance Company

Upper level disturbance produced several severe hail storms.

CRAWFORD COUNTY --- 0.9 NE FRONTENAC [37.46, -94.69]

03/09/07 19:20 CST		0	Hail (1.00 in)
03/09/07 19:20 CST		0	Source: Broadcast Media

CRAWFORD COUNTY --- 1.5 SSE FRANKLIN ARPT [37.48, -94.69]

03/09/07 19:22 CST		0	Hail (0.75 in)
03/09/07 19:22 CST		0	Source: Trained Spotter

CRAWFORD COUNTY --- 0.7 N PITTSBURG [37.43, -94.70]

03/09/07 19:35 CST		0	Hail (0.88 in)
03/09/07 19:35 CST		0	Source: Law Enforcement

CRAWFORD COUNTY --- 0.7 S PITTSBURG [37.41, -94.70]

03/09/07 19:35 CST		0	Hail (0.75 in)
03/09/07 19:35 CST		0	Source: Trained Spotter

Weak instability and moderate shear created an environment for marginally severe hail storms over extreme southeast Kansas and the Missouri Ozarks.

CHEROKEE COUNTY --- 2.1 N CRESTLINE [37.20, -94.70]

03/20/07 10:30 CST		0	Flood (due to Heavy Rain)
03/20/07 16:30 CST		0	Source: Emergency Manager

Heavy thunderstorms caused Shawnee Creek and several other smaller streams to flow out of their banks. Low water crossings along Shawnee Creek were flooded for several hours making them impassable to motorists.

Heavy thunderstorms caused localized areas of flooding across extreme southeast Kansas and the Missouri Ozarks.

CHEROKEE COUNTY --- 2.4 SSE COLUMBUS [37.14, -94.81]

03/23/07 11:27 CST		5K	Flash Flood (due to Heavy Rain)
03/23/07 21:44 CST		0	Source: Emergency Manager

Thunderstorms producing heavy rain continued to develop over portions of southeast Kansas causing flash flooding of several creeks and tributaries. Brush Creek near Columbus flooded Clems Road east of Highway 69. A portion of Highway K-7 was closed to traffic by the Kansas Department of Transportation after it was damaged by flowing water and collapsed. The intersection of Highways 69 and 103 was also underwater and impassable to motorists near Weir. Four miles west of Lawton, roads east and west of the intersection of Lawton Road and NW 40th Street were under as much as six feet of water.

CHEROKEE COUNTY --- COLUMBUS [37.17, -94.83]

03/23/07 21:45 CST		0	Flood (due to Heavy Rain)
03/24/07 09:45 CST		0	Source: Law Enforcement

Heavy Rainfall from strong thunderstorms produced flooding across the county. Several creeks and tributaries overflowed their banks causing the intersection of Highways 69 and 103 to become impassable to motorist.

Heavy thunderstorms caused areas of flooding for portions of extreme southeast Kansas and the Missouri Ozarks.

	03/01/07 06:43 CST		0	Source: NWS Storm Survey
<hr/>				
<p>This is an extension of the Ozark County tornado. A National Weather Service storm survey revealed that a large tornado ripped through rural sections of southwest Howell County, Missouri. The community of Caulfield experienced a direct hit. Numerous farms and structures were damaged or destroyed. One fatality occurred as the tornado ripped through a mobile home northeast of Caulfield. Four other injuries occurred in the same mobile home. The tornado lifted approximately one mile southwest of the West Plains city limits .</p>				
<hr/>				
Direct Fatalities: F7MH				
<hr/>				
<p>Several severe thunderstorms impacted southern Missouri during the morning hours of March 1st. A classic supercell moved from northern Arkansas and into Ozark and Howell counties. This storm produced an EF-3 tornado that touched down southwest of Caulfield, Missouri, and tracked to areas southwest of West Plains, Missouri. One fatality occurred from this storm as the tornado ripped through a mobile home in rural Howell County.</p>				
<hr/>

Storm Data and Unusual Weather Phenomena - March 2007

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
Weak instability along with moderate shear created an environment for marginally severe hail storms over extreme southeast Kansas and the Missouri Ozarks.				
JASPER COUNTY --- 2.1 N REEDS [37.15, -94.17]				
	03/20/07 03:25 CST		0	Flash Flood (due to Heavy Rain)
	03/20/07 07:44 CST		0	Source: Department of Highways
Heavy thunderstorms caused the Spring River to flood a low water crossing on Highway 37 north of Reeds. The roadway was impassable to motorists for a few hours. A low water crossing on Tiger Road west of Sarcocix was flooded making the roadway impassable to motorists . A water rescue occurred at this location after a motorist attempted to cross the low water crossing.				
LAWRENCE COUNTY --- 2.2 E PIERCE CITY [36.95, -93.96]				
	03/20/07 06:30 CST		0	Flash Flood (due to Heavy Rain)
	03/20/07 10:00 CST		0	Source: Public
Heavy thunderstorms caused Clear Creek to flow out of its banks, causing a low water crossing just east of Pierce city to become impassable to motorists. In addition, several city streets in town had water flowing over them.				
NEWTON COUNTY --- NEOSHO [36.87, -94.37]				
	03/20/07 06:30 CST		0	Flash Flood (due to Heavy Rain)
	03/20/07 10:00 CST		0	Source: Law Enforcement
Heavy thunderstorms caused water to flow over a low water bridge on County Road 80 near Neosho. Law enforcement and EMS responded to a car in the water that attempted to cross the bridge. No injuries were reported.				
JASPER COUNTY --- 2.0 S CARTHAGE [37.14, -94.32]				
	03/20/07 07:45 CST		0	Flood (due to Heavy Rain)
	03/20/07 23:30 CST		0	Source: Public
Heavy thunderstorms produced flooding over much of southern Jasper County. Center Creek, south of Carthage, flowed out of its banks flooding Dogwood Road, east of Highway 71 and County Road 130 between Cedar and Dogwood roads. The roads at both locations were impassable for several hours.				
GREENE COUNTY --- 0.6 E SPRINGFIELD [37.20, -93.29]				
	03/20/07 08:57 CST		0	Flash Flood (due to Heavy Rain)
	03/20/07 15:57 CST		0	Source: Law Enforcement
Heavy thunderstorms caused Wilson and South creeks to flow out of their banks and flood low lying areas in Springfield. The creeks rose 3 to 5 feet above normal flow levels as a result of the heavy rain. One foot of water was reported flowing over the intersection of Franklin and Walnut Lawn streets in Springfield, making it impassable to motorists.				
BARRY COUNTY --- 0.9 NW JENKINS [36.78, -93.69]				
	03/20/07 09:30 CST		0	Flash Flood (due to Heavy Rain)
	03/20/07 12:30 CST		0	Source: Public
Heavy thunderstorms caused Flat Creek to run out of its banks. Several secondary roads along Flat Creek near Jenkins were flooded and impassable to motorists.				
WEBSTER COUNTY --- 2.8 ESE CADDO [37.33, -93.00]				
	03/20/07 09:30 CST		0	Flash Flood (due to Heavy Rain)
	03/20/07 12:30 CST		0	Source: Emergency Manager
Heavy thunderstorms produced flooding along the James River for several hours. Several low water crossings along the James River were flooded and impassable to motorists as the James River and some of its tributaries flowed out of thier banks in western Webster County .				
VERNON COUNTY --- 0.9 SE RICHARDS [37.91, -94.56]				
	03/20/07 18:45 CST		2K	Thunderstorm Wind (EG 55 kt)
	03/20/07 18:45 CST		0	Source: Law Enforcement
Severe thunderstorms produced wind gusts which downed power lines north of Highway DD near the towns of Richards and Montevallo.				
Heavy thunderstorms caused localized areas of flooding across extreme southeast Kansas and the Missouri Ozarks.				
ST. CLAIR COUNTY --- 3.2 SSE DAMASCUS [38.08, -93.65]				

Storm Data and Unusual Weather Phenomena - March 2007

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
	03/22/07 04:45 CST		0	Hail (1.00 in)
	03/22/07 04:45 CST		0	Source: Public

BENTON COUNTY --- 0.7 S WARSAW [38.24, -93.38]

	03/22/07 04:54 CST		0	Hail (0.75 in)
	03/22/07 04:54 CST		0	Source: Broadcast Media

MILLER COUNTY --- 0.7 S ST ELIZABETH [38.26, -92.27]

	03/22/07 05:43 CST		0	Hail (0.75 in)
	03/22/07 05:43 CST		0	Source: Public

Weak instability along with moderate shear created an environment for marginally severe hail storms over the Missouri Ozarks.

NEWTON COUNTY --- NEOSHO [36.87, -94.37]

	03/23/07 03:27 CST		0	Flash Flood (due to Heavy Rain)
	03/23/07 06:27 CST		0	Source: Law Enforcement

Thunderstorms producing heavy rainfall caused flooding to occur on several streets in town. A few streets became impassable to motorists for a few hours.

JASPER COUNTY --- 0.6 W WEBB CITY [37.15, -94.48]

	03/23/07 11:33 CST		0	Flash Flood (due to Heavy Rain)
	03/23/07 16:59 CST		0	Source: Law Enforcement

Heavy thunderstorms produced torrential rainfall across Jasper County which led to flooding. Several roads were closed to motorists by high water in and near Carthage. The intersection of County Road 170 and Jack Pine Road near the Spring River was closed and impassable to motorists. The intersection of Locust and Civil War roads was also closed to traffic due to high water. In Webb City, Mo., the intersection of Main Street and Broadway was closed to motorists with several inches of water covering the roads. In Carl Junction, Mo., roads and walkways in the Carl Junction Park were closed to traffic for several hours.

DADE COUNTY --- 1.3 ENE LOCKWOOD [37.39, -93.95]

	03/23/07 15:00 CST		0	Flash Flood (due to Heavy Rain)
	03/23/07 22:00 CST		0	Source: Emergency Manager

Thunderstorms producing heavy rainfall caused a few creeks to flow out of their banks and closed some roads to traffic. The Kyle and Muddy creeks were out of their banks for several hours as a result of runoff from heavy rainfall. Elm street, in the town of Lockwood, was closed to motorists with several inches of water on the road.

JASPER COUNTY --- CARTHAGE [37.17, -94.32]

	03/23/07 17:00 CST		0	Flood (due to Heavy Rain)
	03/24/07 09:00 CST		0	Source: Emergency Manager

Heavy thunderstorms which produced flooding rainfall closed roads to traffic for several hours. The intersections of Locust and Civil War roads along with County Road 170 and Jack Pine Road remained closed from Friday afternoon through Saturday morning.

Heavy thunderstorms caused areas of flooding for portions of extreme southeast Kansas and the Missouri Ozarks.

LACLEDE COUNTY --- 1.8 WSW BROWNFIELD [37.66, -92.38]

	03/30/07 13:30 CST		0	Hail (0.75 in)
	03/30/07 13:30 CST		0	Source: Law Enforcement

LACLEDE COUNTY --- 1.8 NE OAKLAND [37.65, -92.38]

	03/30/07 14:00 CST		0	Hail (1.00 in)
	03/30/07 14:00 CST		0	Source: Emergency Manager

LACLEDE COUNTY --- 0.6 E LEBANON [37.68, -92.66]

	03/30/07 14:30 CST		0	Flash Flood (due to Heavy Rain)
	03/30/07 18:30 CST		0	Source: Law Enforcement

Heavy thunderstorms produced flooding rainfall across rural areas of the county, along with portions of the city of Lebanon. High water closed a portion of Interstate 44 between mile markers 131 and 147 along with several other low water crossings.

Storm Data and Unusual Weather Phenomena - March 2007

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
LACLEDE COUNTY --- 4.0 N FALCON [37.66, -92.38]				
	03/30/07 14:30 CST		0	Thunderstorm Wind (EG 52 kt)
	03/30/07 14:30 CST		0	Source: Law Enforcement

	03/30/07 18:25 CST		0	Flash Flood (due to Heavy Rain)
	03/30/07 22:30 CST		0	Source: Amateur Radio
Heavy thunderstorms produced flooding rains which closed the intersection of Highways OO and C, making it impassable to motorists.				
ST. CLAIR COUNTY --- 0.9 NE TABERVILLE [38.01, -93.99]				
	03/30/07 18:50 CST		0	Hail (1.00 in)
	03/30/07 18:50 CST		0	Source: Trained Spotter
ST. CLAIR COUNTY --- 0.9 NE TABERVILLE [38.01, -93.99]				
	03/30/07 19:00 CST		0	Flash Flood (due to Heavy Rain)
	03/30/07 22:00 CST		0	Source: Emergency Manager

Heavy thunderstorms produced flooding rains that closed several low water crossings in the western portions of the county.

Weak instability along with moderate shear and large precipital water values, created an environment for marginally severe hail storms and minor flooding over the Missouri Ozarks.
