

National Weather Service Tampa Bay Area, Florida

The 20th Anniversary of SKYWARN Recognition Day Saturday December 7, 2019 8 AM – 7 PM

The Tampa Bay National Weather Service office in Ruskin will be participating in SKYWARN Recognition Day this year. We will be operating Saturday, December 7th between 8 am and 7 pm.

SKYWARN Recognition Day was developed in 1999 by the National Weather Service and the American Radio Relay League to celebrate the contributions that volunteer SKYWARN radio operators make to the NWS mission, the protection of life and property. During the event SKYWARN operators visit NWS office and contact other stations across the nation and world.

All amateur radio operators are invited to drop in and help us made contact with as many other stations as possible. If you have any question please contact; Daniel Noah/WX4DAN at Daniel.noah@noaa.gov or (813) 645-2323 x223
or
Rudy/KE4EXL at richard.rude@noaa.gov or (813) 645-2323 X329.
