# Weather Overview

## Rain Snow Today Into Saturday Morning

### Key Impacts:

- A more active pattern through Saturday with rain and snow.
- Main snow related impacts will be above 7,500ft, although snow levels will lower tonight to near 6,000ft.
- Most travel corridors will see limited to no impacts, but portions of US 550 near the Cont. Divide, portions of I-25 near Glorieta Pass and portions of I-40 between Tijeras and Clines Corners may experience periods of difficult driving conditions.
