## Alaska Weather Information Line

The National Weather Service Alaska Region established the Alaska Weather Information Line as a public service, providing toll-free telephone access to weather information throughout the state. This service is available outside of Alaska, but is not toll-free.

**Weather Forecasts** are issued on a regular basis and updated as required to provide accurate and timely weather information.

- **Public Forecasts** include area (zone) 7-day forecasts with information for communities in Alaska.
- **Marine Forecasts** are available for all coastal marine areas with outlooks to 5 days.
- **Observations** from certain land stations and marine buoys are available. This information is updated hourly.

The menu system is organized according to geographical area: Northern, Southwestern, South Central, and Southeastern.

Complete and comprehensive weather information, including forecasts, warnings, statements, climatological data, and observations are available online at

[weather.gov/alaska](http://weather.gov/alaska).

## General Instructions:

- Dial the Alaska Weather Information Line.
- Listen to the menu options and make your selection for the area you want.
- Forecast areas are listed inside this leaflet.

Once you are familiar with the menu options you can enter the numbers at any time without listening to the entire message.

Example: The forecast for Shelikof Strait can be obtained by pressing 3 3 2 6.

- 3 – South Central Alaska Menu
- 3 – Kodiak Menu
- 2 – Marine Menu
- 6 – Shelikof Strait

Press the pound sign at any time to return to the previous menu.
