Event Summary

- There is a Heat Advisory today through 7 PM for portions of the Hudson Valley.
- It will be hotter on Monday, and Heat Advisory is expanded to cover more of the Hudson Valley, the eastern Mohawk Valley, the Connecticut Valley in southern Vermont, and Northwest Connecticut.
- The combination of high heat and humidity will result in heat indices of 95 degrees and in the advisory areas.
- Dangerous Heat continues Tuesday and Wednesday with additional Heat Advisories likely for some areas each day.
- Cooler temperatures expected Thursday.
