

# Join CoCoRaHS! Volunteers Needed!

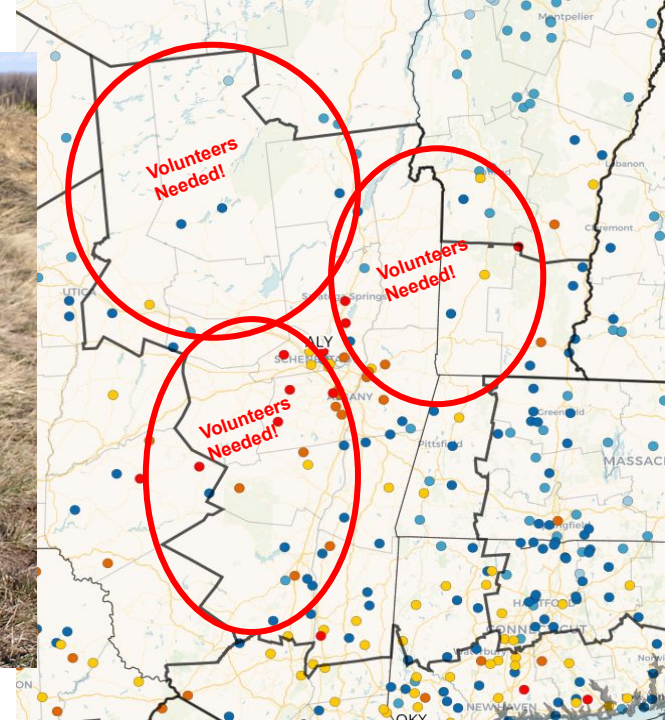

## Help observe precipitation in your community!!

- Interested in the local weather?
- Curious about how much rain or snowfall you received with the recent storm?
- Do you want your neighborhood represented on maps after a large storm??

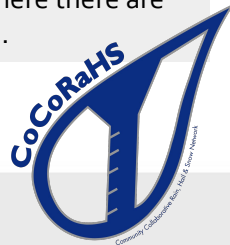

**Then CoCoRaHS needs YOU!**

The Community Collaborative Rain, Hail, and Snow (CoCoRaHS) program is a volunteer network of citizens like you measuring precipitation in their own backyards!

Observers are needed across Eastern NY and western New England, but especially in areas like Northern Herkimer and Hamilton Counties, as well as Schoharie and Fulton Counties, where there are critical data gaps needing to be filled.
