Subject: Changes in Flood Stage and Flood Categories for
 Schoharie Creek at Gilboa Bridge (GBRN6)

Effective June 6, 2024, the National Weather Service will change the flood stage and flood category stages for the stream gage at Gilboa Bridge on the Schoharie Creek. The new flood stage and categories will be referenced in flood warnings, flood statements, and flood advisories. This change is part of a recent re-evaluation of the flood plain with local emergency managers.

Flood stage and categories will be adjusted as follows:

	Current	Updated
Action stage	15	17
Flood stage	17	19
Moderate flood stage	19	22
Major flood stage	22	25

The National Weather Service welcomes public feedback. If you have any questions or comments on this change, please contact:
