

## Storm Data and Unusual Weather Phenomena - December 2007

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
----------	-----------	-------------------	---------------------	------------------------

### OKLAHOMA, Panhandle

#### (OK-Z001) CIMARRON, (OK-Z002) TEXAS, (OK-Z003) BEAVER

12/27/07 18:00 CST	0	Heavy Snow
12/28/07 06:00 CST	0	

A winter storm system over the Four Corners region tracked east toward the Oklahoma Panhandle during the nighttime hours and produced heavy snow by morning. Four inches of snow was reported at Felt Oklahoma in Cimarron County...four inches of snow was reported at Guymon Oklahoma in Texas County...and four inches of snow was reported at Beaver Oklahoma in Beaver County.

#### (OK-Z003) BEAVER

12/14/07 13:00 CST	0	Winter Storm
12/15/07 01:00 CST	0	

An upper trough moved from the Four Corners region and across the Oklahoma Panhandle during the afternoon and evening hours. This upper trough combined with a cold airmass and plenty of low level moisture to produce a mixture of ice and snow over the eastern Oklahoma Panhandle. One half inch of ice was reported at Beaver Oklahoma in Beaver County along with three inches of snow.

#### (OK-Z003) BEAVER

12/10/07 18:00 CST	0	Winter Storm
12/11/07 04:00 CST	0	

A cold airmass over the eastern Oklahoma Panhandle and an approaching storm system from the southwestern states and the southern Rockies produced accumulating freezing rain and sleet. One quarter of an inch of freezing rain and some sleet was reported at Knowles Oklahoma in Beaver County.

### TEXAS, North Panhandle

#### (TX-Z012) POTTER

12/07/07 16:00 CST	12K	Wildfire
12/07/07 18:30 CST	0	

A large wildfire started on the west side of Amarillo just north of Amarillo Boulevard W between Helium Road and N Soncy Road...Loop 335...or seven miles east of Bushland. The wildfire traveled northeast to just south of W Ninth Avenue and just west of N Soncy Road (Loop 335). The fire consumed approximately five hundred acres of undeveloped land and destroyed an eight thousand square foot barn. No injuries were reported...however two people had to be evacuated from the barn. The wildfire was brought under control at 1830 CST.

#### (TX-Z012) POTTER, (TX-Z014) GRAY

12/22/07 10:00 CST	2	1.60M	Winter Weather
12/22/07 17:15 CST	150	0	

One to two inches of snow combined with strong winds to create white out conditions east of Amarillo and also near Pampa. The snow and blowing snow contributed to a major vehicular accident on Interstate 40 near the intersection of U.S. Highway 287 and also at the intersection of U.S. Highway 60 and Texas State Highway 152. A sixty-five year old male was killed in the Potter County accident and one person was killed in the Gray County accident.

Direct Fatalities: VE, M65VE

#### (TX-Z012) POTTER

12/27/07 17:51 CST	1	0	Winter Weather
12/27/07 17:51 CST	3	0	

One inch of snow and icy roads contributed to a one vehicle accident in which a nineteen year old woman was killed.

Direct Fatalities: F19VE

#### (TX-Z001) DALLAM, (TX-Z004) OCHILTREE, (TX-Z005) LIPSCOMB, (TX-Z009) ROBERTS, (TX-Z010) HEMPHILL, (TX-Z013) CARSON

## Storm Data and Unusual Weather Phenomena - December 2007

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
