

## Storm Data and Unusual Weather Phenomena - December 2011

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
----------	-----------	-------------------	---------------------	------------------------

### OKLAHOMA, Panhandle

#### (OK-Z001) CIMARRON, (OK-Z002) TEXAS, (OK-Z003) BEAVER

	12/19/11 06:00 CST	0		Blizzard
	12/20/11 12:00 CST	0		

A vigorous upper low moved across southern California tracked eastward across the southwestern states and central Rockies and then lifted northeast across the eastern Texas Panhandle. A strong cold front pushed south across the Oklahoma Panhandle producing strong northerly winds. Abundant low level moisture along with the cold air and upper low combined to produce heavy snow and strong winds which resulted in blizzard conditions across the Oklahoma Panhandle. No damages or injuries were reported.

#### (OK-Z003) BEAVER

	12/31/11 17:25 CST	0		High Wind (MAX 53 kt)
	12/31/11 18:16 CST	0		

A strong cold front moved through the Oklahoma Panhandle during the afternoon hours resulting in non-thunderstorm gradient winds across the eastern Oklahoma Panhandle. No damage or injuries were reported.

### TEXAS, North Panhandle

#### (TX-Z001) DALLAM, (TX-Z002) SHERMAN, (TX-Z003) HANSFORD, (TX-Z004) OCHILTREE, (TX-Z006) HARTLEY, (TX-Z007) MOORE, (TX-Z008) HUTCHINSON, (TX-Z011) OLDHAM

	12/19/11 06:00 CST	0		Blizzard
	12/20/11 12:00 CST	0		

A vigorous upper low moved across southern California tracked eastward across the southwestern states and central Rockies and then lifted northeast across the eastern Texas Panhandle. A strong cold front pushed south across the Texas Panhandle producing strong northerly winds. Abundant low level moisture along with the cold air and upper low combined to produce heavy snow and strong winds which resulted in blizzard conditions across much of the northern, central and western Texas Panhandle. Although no injuries or fatalities were reported, a Greyhound bus slid off the road in Oldham county on Interstate 40 westbound and there were between seventy-five and one hundred stranded motorists.

#### (TX-Z012) POTTER, (TX-Z013) CARSON

	12/25/11 06:49 CST	55K		Winter Weather
	12/26/11 06:00 CST	0		

An upper level trough and cold front moved across the Texas Panhandle during the morning hours. Plenty of moisture combined with the cold air in place resulted in about one to three inches of snow across the southern and eastern Texas Panhandle. The snow caused very slick roads and hazardous driving conditions. Two vehicular accidents left two people dead in Potty county and Carson county.

#### (TX-Z004) OCHILTREE

	12/31/11 17:55 CST	0		High Wind (MAX 52 kt)
	12/31/11 17:56 CST	0		

A strong cold front moved through the northern Texas Panhandle during the afternoon hours resulting in non-thunderstorm gradient winds across the northeastern Texas Panhandle. No damage or injuries were reported.
