500 Parking Spaces Piling Up

Anyone who has ever searched for a parking space in the area of University Hospital in Iowa City should be interested in knowing that this parking ramp under construction at the west end of the hospital campus will be open for use by July 1.

The contract to be handled by the city's maintenance department, which will build the hospital parking ramp, is worth $35,000.

This contract is being handled by the city's maintenance department, which will build the hospital parking ramp, is worth $35,000.

For $2 Million

A 500-acre site at the corner of 26th and University will be the site of the new hospital parking ramp.

500 parking spaces will be available on the top floor of the parking ramp, with 200 spaces on the lower floor.

Two Levels

The parking ramp will have two levels, with 500 spaces on the top floor and 200 spaces on the lower floor.

The ramp will be open to the public by July 1, with construction beginning immediately.

The site is located at the corner of 26th and University, and is ideal for a hospital parking ramp.

In addition to the 500 spaces, the parking ramp will also include a maintenance area for the hospital's maintenance department.

The project is expected to be completed by the end of July, with construction beginning immediately.
