Families may be forgiven for not following carefully the directions on the label. The label should be read for the correct dosage. According to the label, the amount of the drug to be swallowed or taken through the mouth should be one tablet every 4 hours, unless directed otherwise. Some of the drug is better and they will get well that much faster.

The Colonial State Family, a non-profit organization sponsored by and under the direction of the governor and the legislative council of the state, is the only health plan to be offered in the state of Iowa.

Modern medicines are potent and have been tested extensively. There are many drugs that a patient can be prescribed. A doctor can prescribe a drug for a patient or order a prescription filled at a pharmacy. Modern medicines are potent and have been tested extensively.
