Storm Data and Unusual Weather Phenomena - August 2015

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
	08/06/15 11:03 CST		0	Flash Flood (due to Heavy Rain)
	08/06/15 12:30 CST		0	Source: Emergency Manager

At least six inches of water was over the road along North Cove street near Deshler high school in Tuscumbia, Alabama.

A nearly stationary frontal boundary across the Tennessee valley region was the focusing mechanism for slow moving thunderstorms that produced isolated flash flooding in northwest Alabama.
