Numerous roadways were flooded around downtown Birmingham, Homewood, and Irondale. An underpass at the I-20/I-459 interchange was flooded, U.S. 31 at Ventura Ave in Homewood was flooded, and Floyd Bradford Rd was flooded at Amber Hills Rd. In addition, there were several reports of flooding in the I-59/20 area south of Birmingham-Shuttlesworth Airport, including 31st St and Tallapoosa St.

Diurnal convection over Central Alabama during the afternoons of June 16 and 17 led to several instances of wind damage. One storm in particular caused fairly widespread tree damage across Anniston, Oxford, and Weaver in Calhoun County, with some trees falling on

Page 7 of 39 Printed on: 10/06/2025

homes, whicles, or power lines. More afternoon thunderstorms lingared over the Birmingham metro on June 18, causing minor flooding of several area roadways around downtown Birmingham, Homewood, and Irondale. Trees and nowerlines down on Madday Rd. nossibly				5 , 5

A large complex of strong to severe thunderstorms originating in the southern Plains pushed all the way through the mid South and

Tennessee Valley on the 7th. The storms resulted in over 150 reports of wind damage in north Alabama.

Trees and powerlines down on Maddox Rd, possibly on mobile home.

Heavy rainfall over a 3-4 hour period led to widespread flash and nuisance flooding across portions of Limestone and Madison Counties during the afternoon and early evening hours of the 22nd. Several roads were closed and numerous families had to be evacuated from their homes and apartments during the flooding in Harvest in Madison County, AL. 6-12" of water affected the apartments in Harvest,

Several clusters and small bands of thunderstorms developed during the late morning and lasted into the afternoon hours as they travelled south and southeast. On of the thunderstorms produced a lightning strike which resulted in an injury in Russellville. One of the thunderstorms knocked down a tree.

Flash flooding was also reported in Cullman County as a result of the heavy rainfall.
