Severe Weather Risk Thursday

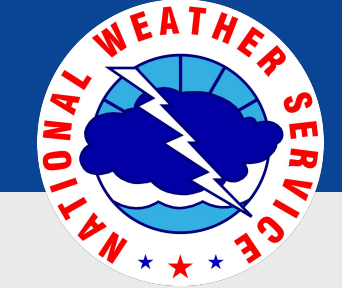

April 29, 2025

**Nathan Owen
NWS Meteorologist**

National Oceanic and
Atmospheric Administration
U.S. Department of Commerce

**National Weather Service
Birmingham, AL**

Overview:

- Level 1 out of 5 risk for severe storms Thursday afternoon to early evening for northwestern portions of Central Alabama.
- Damaging winds up to 60 mph and quarter-sized hail will be the main concerns.
- There's a low chance for the strong to severe storms to develop again on Friday afternoon to early evening.
