

# **Incoming Winter Storm**

**Wednesday - Thursday Night** 

## **Key Messages**

- Heavy snow (1-3 feet) for most of Front Range Mountains, Foothills, and Palmer Divide. A few locations may see up to 4 feet of snow.
- For the Denver Metro, rain changing to heavy snow Wednesday evening with 8 to 16 inches of snow.
- Snowfall amounts to greatly increase towards the foothills and be lower north of I-76 over the northeast plains.
- Impacts for the Front Range Foothills, Palmer Divide, and Denver metro area Wednesday night through Thursday night include:
  - Very difficult to impossible travel due to heavy snowfall on roads.
  - Broken branches & downed power lines possibly leading to power outages.

#### **Probability of Major Impacts: Wed Night - Thur night**

# **Current Winter Weather Highlights**

**Upcoming Storm**

# Winter Safety Information

Call 511 or visit your state's DOT webpage to check on road conditions. Choose a different route or adjust your travel plans if road conditions are poor.

### Pack an emergency supply kit.

Stock your vehicle with a mobile phone, charger, batteries, blankets, flashlight, first-aid kit, high-calorie, non-perishable food, candle to melt snow for drinking water, sack of sand or cat litter for traction, shovel, scraper, and battery booster cables.

Check your battery, wipers, coolant, and other systems affected by cold temperature. Make sure your tires have good tread. Clear snow, ice or dirt from your windows, lights and camera.
