

We're Looking for Volunteer Weather Observers!

Burlington Weather Forecast Office

Do you have an interest in weather or the environment? The Community Collaborative Rain, Hail and Snow Network (CoCoRaHS) needs you! Everyone can participate, both young, old, and in-between. The only requirements are an enthusiasm for watching and reporting weather conditions and a desire to learn more about how weather can affect and impact our lives.

We're looking for dedicated observers in ***Vermont*** and ***northern New York*** to help us fill data sparse areas! (Our Canadian friends can also sign up as well!)
