

National Weather Service Charleston, SC

2019 / 2020 Storm Spotter Training Schedule Sign-up

The training will include: a brief introduction to the National Weather Service (NWS), the different types of hazardous weather and how to safely observe them, the categories of severe weather to report, and how to send those reports to the NWS. This is a free training session that requires no prior knowledge of weather or weather observing.

Host will need: Room to accommodate 15+ people, have working electrical outlets, and a projector/projector screen or TV/LCD Monitor. If 15 or less people are expected, please select "Webinar" as Class Type.

Webinar Information: To register for a particular webinar, click the associated Storm Spotter Training date webinar link below and enter your contact information. The webinar phone number is 210-301-9831, passcode 4134018 for all webinars.

Storm Spotter Training Duration: 2 - 2.5 hours

IMPORTANT Schedule Disclaimer: Classes may be canceled on short notice due to severe weather threatening the area. All class attendees should check this web page and/or contact the organizer for the particular training location on the day of the class to verify that the class has not been canceled.
