NWS in State College Volunteer Application Process

Prospective students should:

- Fill out the Student Volunteer Application
 - Link to Google Form on www.weather.gov/marfc/students or www.weather.gov/ctp/studentvolunteers
 - You can choose either or both offices on page 4.
- Please upload materials below via the Google Form
 - resume,
 - college transcript, and
 - cover letter describing motivation and interests.
- Well-qualified applicants will be interviewed before selection
- We generally limit selections to 1 to 3 students per academic semester
- If you volunteer for at least 135 hours of work (8-10 hours/week), you may qualify for 3 credits for your work. Typically, this requires a paper and/or presentation to be completed at the end of the study period. Talk to your advisor for more details.
- Additional questions can be directed to:
robert.shedd@noaa.gov for Mid-Atlantic RFC or
michael.jurewicz@noaa.gov for State College WFO
