MEMORANDUM FOR: National Weather Service Directives System (NDS) Customers

THROUGH: Kevin C. Cooley 
Director, Office of Programming and Planning for Service
Delivery

FROM: Joseph A. Pica 
Director, Office of Observations

SUBJECT: Rescission of 10-1313, Cooperative Station Service Availability

The following document is rescinded from the NDS.

NDS Title: Cooperative Station Service Availability (CSSA)
NDS Number: 10-1313
Effective Date: August 18, 2016
Signature Date: August 18, 2016
Certified By: Joseph A. Pica
Approving Authority: Kevin C. Cooley

Summary: This directive was a user manual for CSSA, which no longer exists. The replacement, "Station Information System" (SIS), is also a user manual. The COOP Program and OBS recommend that the replacement manual is best managed at the program level, not with a directive. Hence, we recommend rescinding this directive.
