

Hazard Mitigation

Iowa Core Standard: MS-ESS3-2

There are several different severe weather types that may impact us in Iowa. For this activity, **choose 3 hazard types, design a solution** to mitigate potential impacts from each hazard type, and **list some pros/cons** to your design solution for each hazard type.

(Hint: For a list of hazards and potential design solution ideas, go to this FEMA website: [Hazard Mitigation Ideas](#))

Hazard Type	Design Solution	Pros/Cons
