

Your Weather Prediction

**Evidence:**

Data and observations that are appropriate and sufficient to support the claim.

**Reasoning:**

Justification connecting the evidence to the claim, showing why the data is evidence using scientific principles.

Iowa Core Standard: 3-ESS2-1

Using evidence-based reasoning, make a weather prediction for your location for the next five days

Weather prediction

- Day 1:

• High Temperature:	• Low Temperature:	• Sky/Precipitation:
---------------------	--------------------	----------------------

- Day 2:

• High Temperature:	• Low Temperature:	• Sky/Precipitation:
---------------------	--------------------	----------------------

- Day 3:

• High Temperature:	• Low Temperature:	• Sky/Precipitation:
---------------------	--------------------	----------------------

- Day 4:

• High Temperature:	• Low Temperature:	• Sky/Precipitation:
---------------------	--------------------	----------------------

- Day 5:

• High Temperature:	• Low Temperature:	• Sky/Precipitation:
---------------------	--------------------	----------------------
