Today will be warm and humid with temperatures in the upper 80s to low 90s and heat indices in the mid to upper 90s.

Scattered storms are possible in northwest MO/northeast KS Thursday morning, with widespread storms expected across the entire area during the afternoon and evening. Some of the PM storms could become strong to severe, with damaging winds and hail being the main concerns.

Friday through the weekend look dry for the time being.
Strong to Severe Storms Possible Thursday

When:
(Northwest of I-35) Late Thursday Morning
(Southeast of I-35) Thursday afternoon and evening

What:
Scattered to widespread thunderstorms
