

## National Weather Service in Gray, Maine Seeks Students for Summer Volunteer Internship

**Description** - The National Weather Service in Gray, Maine seeks motivated students that desire to learn more about the operations in a local weather service office. In this internship, students will learn many aspects of the day-to-day operations of the office, including warning operations and forecast creation as well as observation and product quality control. In addition, students will have the opportunity to participate in office research and outreach. This will give students the opportunity to determine whether a career with the National Weather Service may be right for them.

**In Person vs. Remote** - This volunteer internship will be conducted *in-person* at the National Weather Service office in Gray with no virtual option.

**Length of Internship** - Averages two to three days per week (~10-20 hours) starting in the second half of May and continuing through early August. This is an *unpaid* internship.

**Eligibility** - At least a half-time student pursuing an undergraduate (or graduate) degree in meteorology, atmospheric science, or a field related to operational meteorology that has (by summer 2025) completed their sophomore or junior year.

**What we need from you** - A **cover letter** stating your interest in the internship and why we should select you. In addition, please send your **resume** that includes the coursework you have completed and any related experience. Please include at least two references. Finally, please include a copy of your most recent **transcript**. Unofficial copies are acceptable.

**Deadline** - Friday, February 28<sup>th</sup>, 2025

**How you will be chosen** - Applicants will be selected based on a combination of coursework, references, resume, cover letter, and a potential phone interview.

Please send your information to: [justin.arnott@noaa.gov](mailto:justin.arnott@noaa.gov)

We look forward to your application!

Justin Arnott  
Science and Operations Officer  
National Weather Service  
Portland / Gray, Maine
