ANNUAL	57.7	34.1	45.9	7478 *	442 *	37.60	64.6 *

Note: Normals from LCD and Climatology of the U.S.

Note: HDD and CDD marked by a * will have slightly different values if you use the totals derived from the sum of the daily normals as listed in the Climatology of the U.S. and the local daily/monthly normals.

Note: Snowfall marked by a * will have slightly different values if you use the totals derived from the sum of the daily normals as listed in the local daily/monthly normals.

Note: Local daily/monthly normals follow.

Temperature records began September 1, 1868.

Precipitation and snowfall records began January 1, 1868.
