A series of storms and outflow boundaries originating to the north and northeast of our area moved to the southwest and generated some strong winds across portions of southeast Texas.

A late afternoon southwest moving thunderstorm produced some damaging winds.

Interstate 10 was closed near SH 61 due to heavy rains from Tropical Storm Edouard.

Tropical Storm Edouard moved ashore along the upper Texas coast between High Island and Sabine Pass in the McFaddin National Wildlife Refuge and produced minimal damage totalling $100,000.
Storm Data and Unusual Weather Phenomena - August 2008

Damage from Edouard included minor storm tide flooding along portions of the Bolivar Peninsula ($95,000) and brief flash flooding along portions of Interstate 10 in Chambers County ($5,000).

Storm tide damage on the Bolivar Peninsula was confined to the Gilchrist area. Ten single family homes experienced flooding up to eighteen inches deep inside the home. Fifteen single family homes and two mobile homes experienced flooding up to six inches deep inside the home.

Interstate 10 was closed in central Chambers County near State Highway 61 due to Edouard’s heavy rainfall estimated to be between 3 and 5 inches.

BURLESON COUNTY --- 0.5 W DEANVILLE [30.43, -96.76]
