TEXAS, Central Southeast

01 0000CST 0 0  DROUGHT
Drought conditions continue from May. By the end of June, many locations across SE TX were 8-12 inches below normal in rainfall amounts since March. Agriculture losses continue to escalate as well has heat related medical conditions/deaths. Afternoon highs were regularly around the century mark with overnight lows only falling into the upper 70s to lower 80s. With little chance of significant rainfall anytime soon, drought-like conditions will continue into July.

AUSTIN County
WELCOME 05 1556CST 0 0 3K  Hail (1.00)
Hail along HWY 109.

BRAZOS County
4 W COLLEGE STATI 05 1600CST 0 0 3K  Hail (1.00)
Hail at BYYT2.
