

National Weather Service Wilmington, NC

Outlook Period: Friday September 20 – Sunday September 22
Time Issued: 10 AM September 20

Prepared by: Matt Scalora
Forecaster #: 910-762-4289

OVERVIEW:

A gradual warming trend is expected in the days ahead with skies remaining mostly sunny/clear, and no chance of rain.

LAND Hazards:

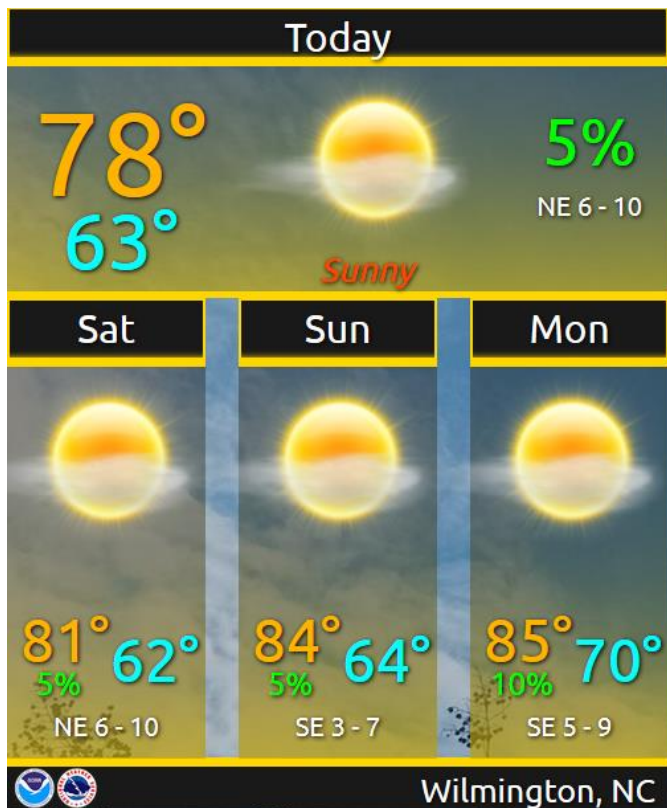

High rip current risk for today may continue through at least Saturday, before rip conditions improve early next week.

MARINE Hazards:

A Small Craft Advisory ends at 8pm today (Friday) as seas drop below 6 ft. No marine hazards expected then for the remainder of the weekend.

HYDROLOGY:

No river flooding expected through this weekend.
