

Outlook Period: Friday 06/9/23 - Sunday 06/11/23

Prepared by: Steven Pfaff
Forecaster #: (910) 762-4289

OVERVIEW:

- High pressure building in from the north will result in dry conditions with mostly clear skies and light winds. A warm front will approach from the south during Sunday and rain chances will begin to increase some across the area as a result.
