

# Routine Weather Briefing

April 24, 2024  
9:08 AM

Outlook Period: Wednesday 4/24/24 - Sunday 4/28/24

## OVERVIEW:

A weak backdoor cold front will bring low rain chances Wednesday evening. High pressure then builds in from the north for Thursday through Saturday with dry weather expected. A warming trend will develop early next week as the high shifts offshore.

<b>HAZARDS &amp; IMPACTS</b>	<p><b>LAND:</b></p> <ul style="list-style-type: none"> <li>High risk of rip currents north of Cape Fear Wednesday, followed by a moderate risk Thursday through the weekend. Moderate risk of rip currents south of Cape Fear Wednesday.</li> </ul> <p><b>MARINE:</b></p> <ul style="list-style-type: none"> <li>None.</li> </ul>
