March 2023 Cooperative Weather Observer Award

**John Stephenson
40 Year Individual
Cooperative
Weather Observer
Award
and
Stephenson Family
75 year award**

John Stephenson of Kings Mills, Ohio has been providing precipitation and river data to the NWS for 40 years. Thank you John for your dedication and service! John has not only provided precipitation data to the NWS, but also regularly reads the manual river gage at Kings Mills along the Little Miami River. The Stephenson Family has been providing weather information to the NWS for over 75 years. Pictured from left above: Ashley Novak-NWS, John Stephenson-Observer, Thomas Johnstone-NWS.
