

Severe Storms Possible Thursday

NATIONAL WEATHER SERVICE - WILMINGTON OHIO

OVERVIEW:

- Showers and thunderstorms will become prevalent on Thursday.
- Some storms could become strong to severe Thursday afternoon and evening.

TIMING

- Thursday afternoon and evening.

HAZARDS & IMPACTS

- Damaging straight-line winds are the primary threat. This could bring down tree branches and power lines.

FORECAST CHALLENGES

- There is some question whether storms will have enough fuel to become strong enough to pose a threat.
