Overview
Northeast Florida and Southeast Georgia

Today: Scattered thunderstorms this afternoon/evening
- A few strong storms expected with gusty winds of 40-60 mph and heavy rainfall. Frequent lightning will also occur with any strong storms.
- Slow storm motion from the Northwest will push activity towards the Atlantic beaches this afternoon/evening.
- Remember: Deadly lightning occurs in ALL storms!

Mainly afternoon and evening storms each day this week
Moderate risk of rip currents through Thursday
Afternoon temperatures in the low/mid 90s combined with the humidity will produce heat indices around 105 degrees.
