

Flash Flooding Risk Friday and Friday Night

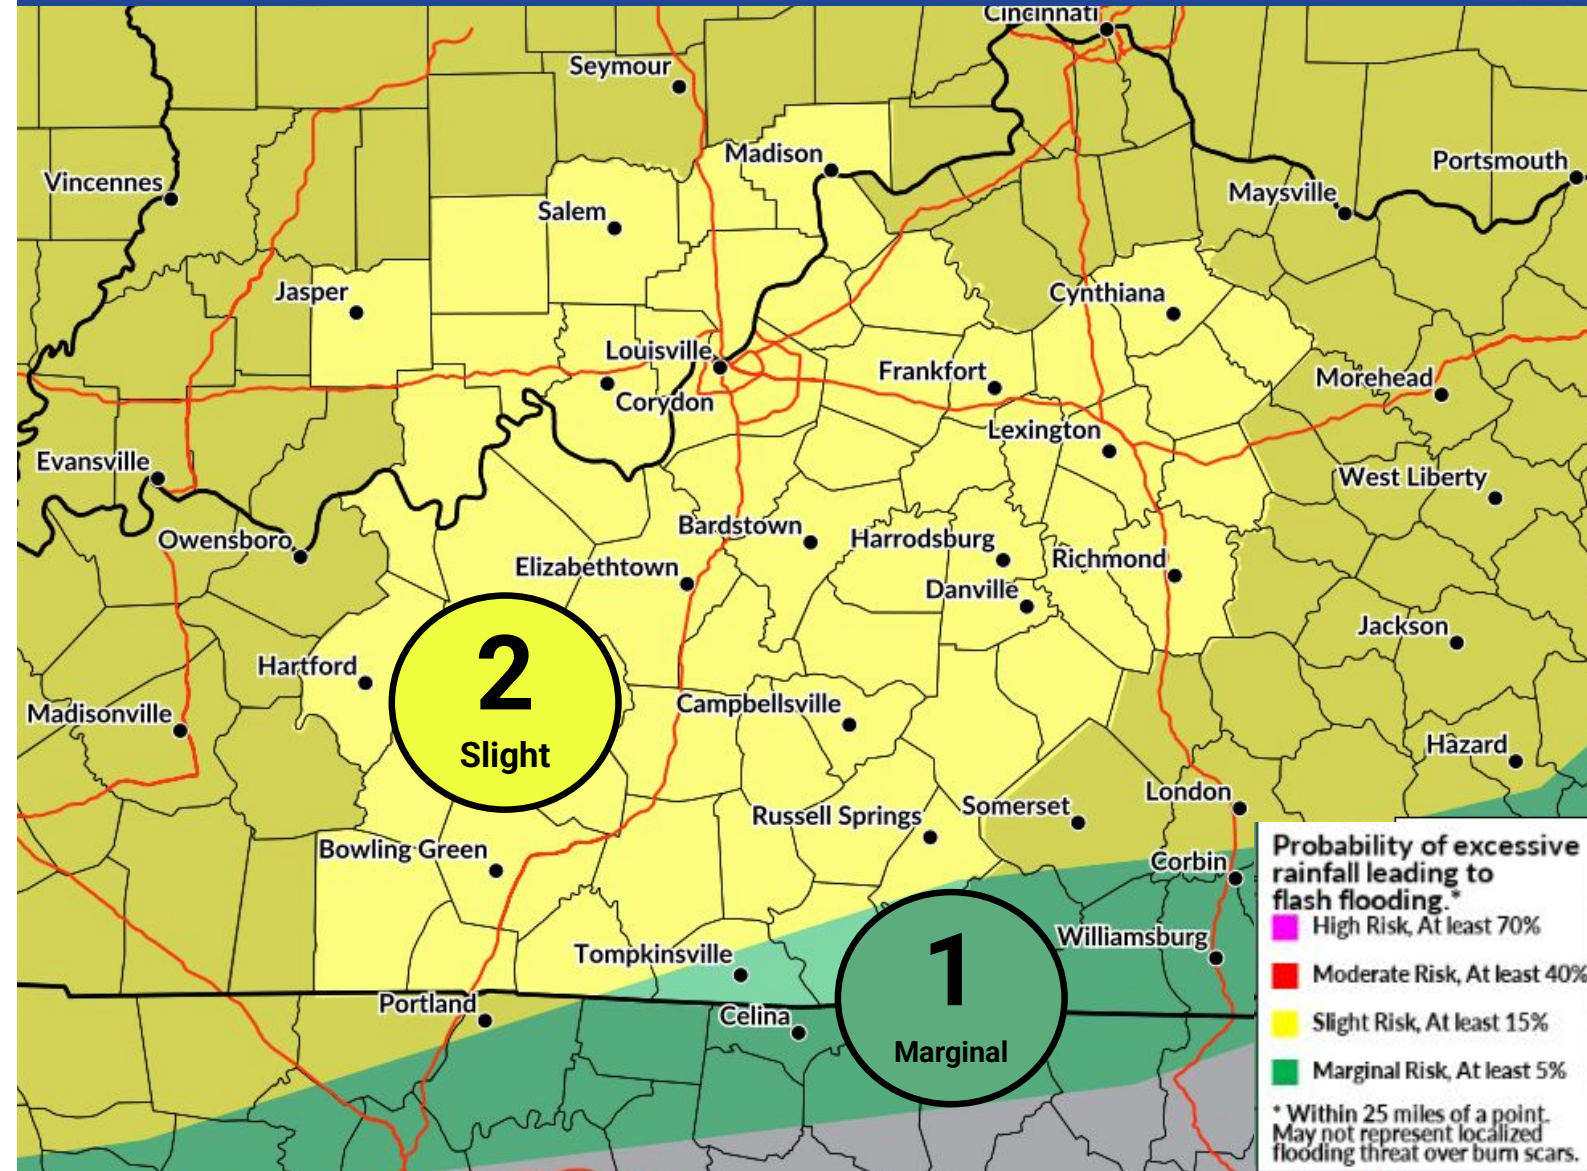

June 26, 2026
4:30 AM EDT

Multiple Waves of Heavy Rain and Storms Increase the Risk of Flash Flooding

Key Messages

- Repeated rounds of storms through Saturday will bring torrential rainfall and possible flash flooding.
- **Slight Risk** (level 2 of 4) for excessive rainfall over southern Indiana and much of central Kentucky Friday and Friday night.
- **Locally significant flash flooding** could develop, especially across **southern Indiana and northern Kentucky**.
- Rainfall amounts mostly 1-3 inches, but **locally** higher amounts **up to 6"** possible along and north of I-64.

Excessive Rainfall Outlook

Confidence in Excessive Rainfall

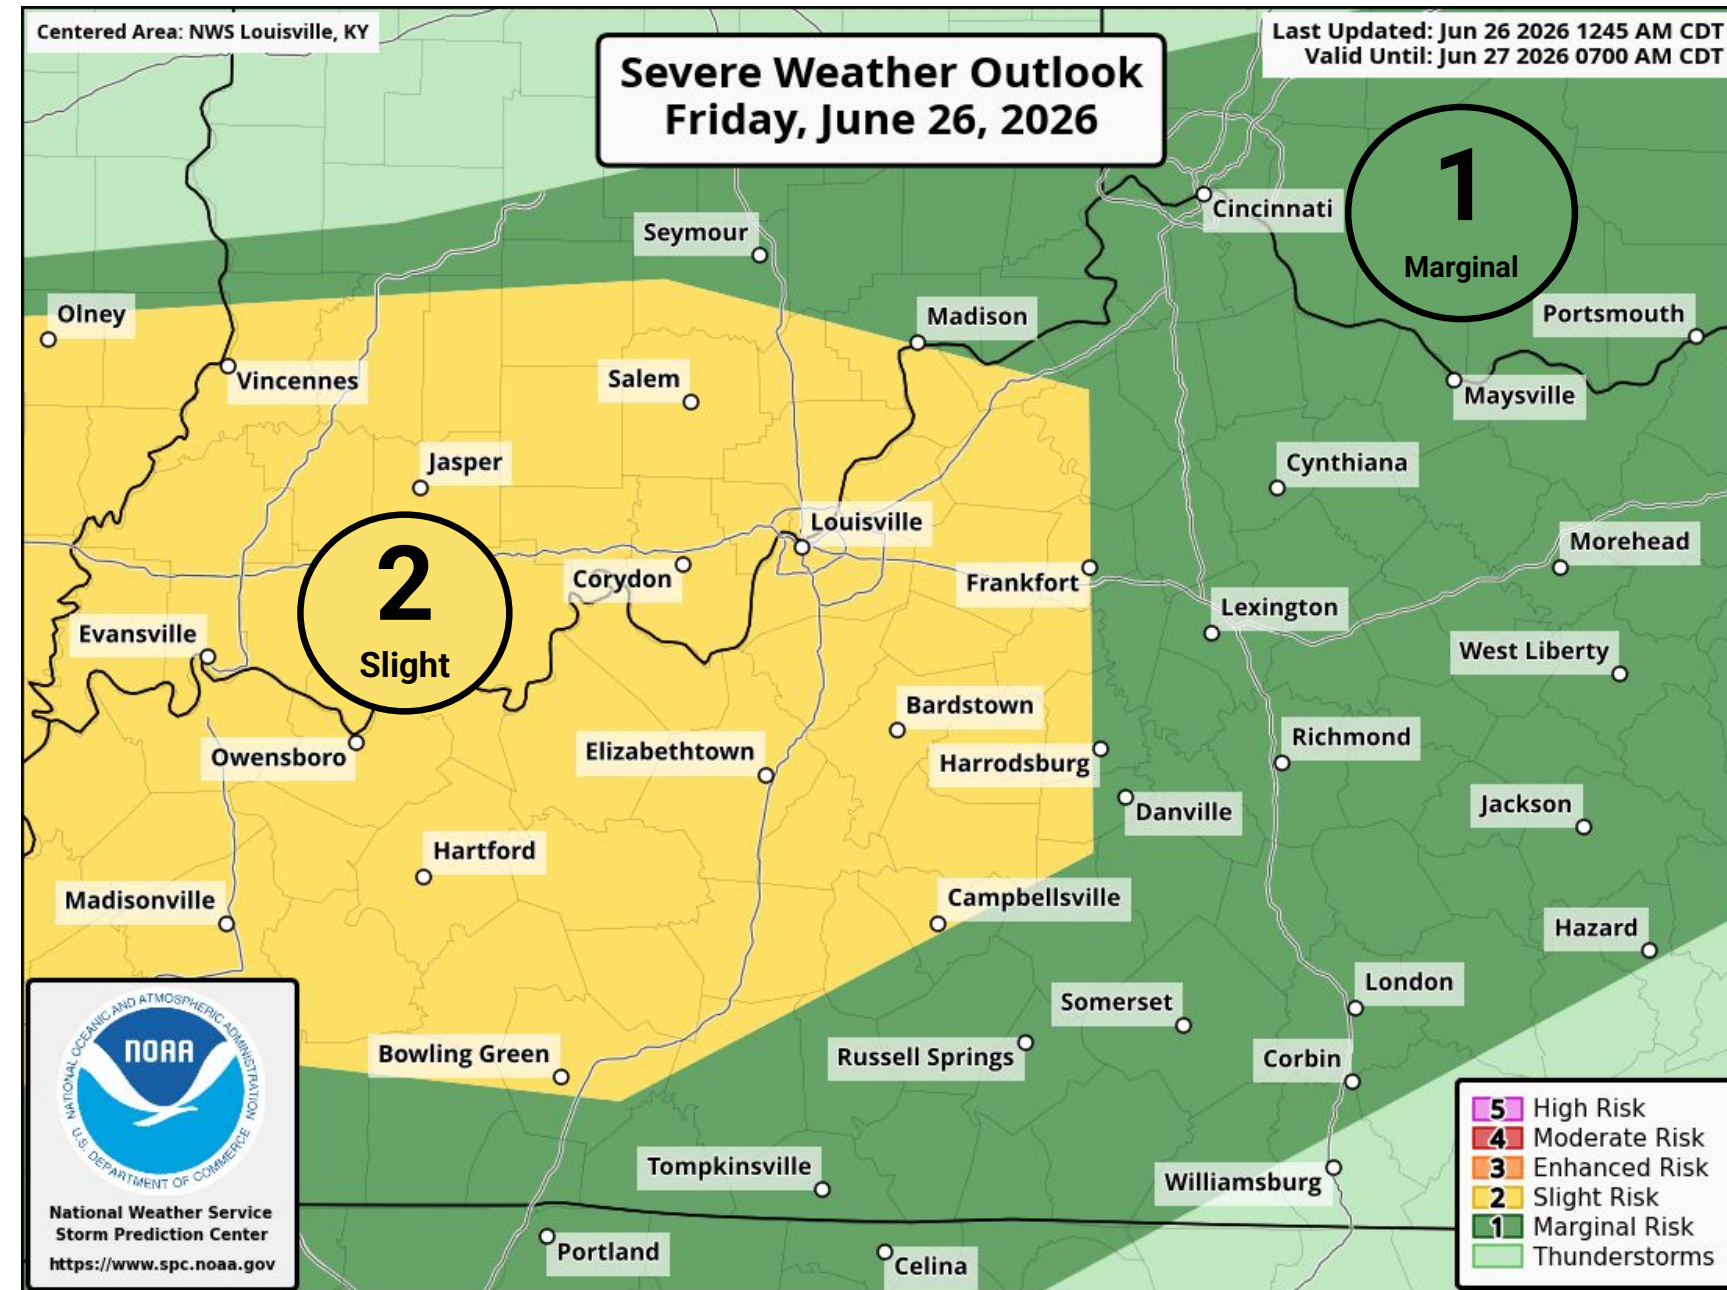

Severe Storm Risk on Friday

Damaging winds, flash flooding, and tornadoes all possible

Key Messages

- At least two waves of storms that may produce severe weather – one during the early afternoon and another in the evening.
- **Slight Risk** (Level 2 of 5) for severe weather in southern IN and much of central KY.
- **Hazards:**
 - Damaging Winds
 - Tornadoes
 - Flash Flooding
- **Timing:** 1-10 PM EDT.

Confidence in Severe Threat

Potentially Dangerous Heat Next Week

Triple digit heat indices each afternoon

Timing:

- Beginning Monday, continuing through at least Friday

What to Expect:

- Daily high temperatures well into the 90s with oppressive humidity
- High confidence (70-90% chance) in afternoon heat index values over 100°

Actions to Take

Hydrate

drink before you are thirsty

Wear Light Clothing

lightweight and light colored

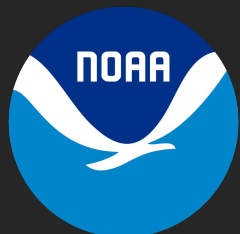

Stay in Air Conditioning

especially during the day

Avoid Outdoor Activities

during the warmest parts of the day

Flash flooding can escalate quickly.

Heavy rain can lead to sudden flash floods, whether you're on the road or at a campground. Will you be ready?

Set up a way to get weather warnings on your phone

When alerted to a flash flood, get to higher ground immediately

Never enter floodwaters in a vehicle or on foot

Extreme Heat Planning Timeline

Pre-Season

Start planning before hot weather arrives.

- ✓ Build an emergency kit
- ✓ Make a plan for power outages
- ✓ Become trained in first aid for heat-related emergencies
- ✓ Check that your A/C and fans are in working order

A Few Days Out

If the forecast calls for extreme heat, be ready.

- ✓ Gather food, water, and medication
- ✓ Make a list of friends and family to check on & help them prepare
- ✓ Know your local cooling shelters or other cool locations
- ✓ Reschedule outdoor events

During and After

Remain vigilant and stay informed.

- ✓ Stay in air conditioning and out of the sun if possible
- ✓ Check on friends, family, neighbors, and pets
- ✓ Drink plenty of water
- ✓ Take breaks and use a buddy system if working outdoors
