

# How to Download Survey .KMZ Files from the NWS Damage Assessment Toolkit

1. Go to [apps.dat.noaa.gov/StormDamage/DamageViewer](https://apps.dat.noaa.gov/StormDamage/DamageViewer)
2. Change the “Begin” and “End” dates in the upper right-hand corner of the page to the time range for which you want to download survey data. Then, click “Submit.”

3. Click on the download button on the upper left-hand corner of the page.. Then, select the “Polygon” Option, and check any options that you want to download.

4. Then, left click on the map to draw a circle around the area(s) of survey data that you want to download. Double-click to close the circle. Your circle will disappear once you double click.

5. Finally, click on the link(s) that appear in the Extract Data pane to download them to your computer.
