

SERVICE CHANGE NOTICE  
NATIONAL WEATHER SERVICE CHICAGO/ROMEDEVILLE IL  
1115 AM CDT SUN MAY 26 2024

To: Family of Services (FOS) subscribers, NOAA Weather Wire Service (NWWS) subscribers, Emergency Managers Weather Information Network (EMWIN) subscribers, NOAAPort subscribers, National Weather Service (NWS) partners and other users, and NWS employees.

From: W. Scott Lincoln  
Senior Service Hydrologist  
NWS Chicago

Subject: Change to flood impact categories on the West Branch DuPage River in DuPage County, Illinois

Effective July 1, 2024, flood impact categories will change for West Branch DuPage River at Warrenville (NWS identifier WRNI2). These changes were coordinated with representatives from the city of Warrenville, DuPage County Office of Homeland Security and Emergence Management, and DuPage County Stormwater Management.

Action Stage will remain unchanged at 11.0, minor flood stage will change from 11.5 feet to 12.5 feet, moderate flood stage will remain unchanged at 14.5, and major flood stage will remain unchanged at 17.5. River forecasts will continue to be issued when this location has reached, or is expected to reach, action stage.

Forecast and warning information is available from the NOAA/NWS Chicago web page at [weather.gov/chicago](http://weather.gov/chicago) as well as the National Water Prediction Service (NWPS) web page at [water.noaa.gov](http://water.noaa.gov).
