Still snowing.

0415 AM	Snow	1 N Crystal City		38.24N 90.38W
11/26/2026	M9.5 Inch	Jefferson	MO	Public

Crystal City, MO, near Crystal Heights Rd. Measured with a measuring tape and ruler in open yard with no trees or other obstructions nearby. Did not measure roads, but roads look to have around 4 or 5 inches, as they were plowed by our city a few hours ago. Most areas beneath tire tracks are slush. Still actively snowing, though fallen snow was not blowing or drifting. Light wind. Wet, large, heavy snow, mild to moderate snowfall currently.

0422 AM Snow New Bloomfield 38.72N 92.09W
11/26/2026 M1.0 Inch Callaway MO Broadcast Media

Still snowing.

snow has changed to rain.

0828 AM Snow 1 SE Des Peres 38.58N 90.44W
11/26/2026 M8.0 Inch St. Louis MO Public

This measurement was taken on a flat surface and away from trees/other obstacles. Surface winds were minimal and snow was not blowing at this time. Additionally, precipitation type had changed from rain to snow approximately an hour before this measurement was taken. As a result, light rain may have caused slight melting of the snow and therefore reduce the measurement slightly.

Snowfall report Farmington, Missouri (St. Francois County), November 26, 2026. Approximately 14.0 inches of accumulated snow, measured with a yardstick on an outdoor patio table. Accumulation is from the November 2526 winter storm. Measurement is of accumulated snow depth, on a protected, no drifting area.

1002 AM Snow Frontenac 38.63N 90.41W
11/26/2026 M7.5 Inch St. Louis MO Public

Measured once a tad bit of snow had already melted, but then again, snow was also melting throughout the event, so it should be fine.
