## Storm Data and Unusual Weather Phenomena - November 2015

Location	Date/Time	Deaths & Injuries	Property & Crop Dmg	Event Type and Details
	11/19/15 04:45 CST		0	Flood (due to Heavy Rain)
	11/30/15 23:59 CST		0	Source: River/Stream Gage

The White River at Augusta rose above flood stage during the morning hours of the 19th, remaining above flood stage into December.

**A storm system slowly approached Arkansas from the west during the middle of November. Moisture levels increased significantly across the region, and several rounds of showers and thunderstorms developed over the state on the 17th. This resulted in several inches of rainfall for a good portion of the state. This heavy rainfall caused many rivers to rise above flood stage.**

---

**SALINE COUNTY --- 1.7 W SALEM [34.63, -92.60], 1.9 ENE KENTUCKY [34.63, -92.64], 2.2 S GRAPE [34.57, -92.65], 0.8 ENE HASKELL [34.50, -92.62], 2.1 NW SHAW [34.52, -92.56]**
